

## Okta Office365 Third Party Licenses and Notices

This document contains third party open source licenses and notices for the Okta Office365 product. Certain licenses and notices may appear in other parts of the product in accordance with the applicable license requirements.

The Okta product that this document references does not necessarily use all the open source software packages referred to below and may also only use portions of a given package.

### Third Party Notices

---

#### Code from MSDN blog article "How do I calculate a MD5 hash from a string?"

**Version (if any):**

**Brief Description:**

**License:** Microsoft Limited Public License

Microsoft Limited Public License

This license governs use of code marked as "sample" or "example" available on this web site without a license agreement, as provided under the section above titled "NOTICE SPECIFIC TO SOFTWARE AVAILABLE ON THIS WEB SITE." If you use such code (the "software"), you accept this license. If you do not accept the license, do not use the software.

#### 1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its contribution.

#### 2. Grant of Rights

(A) Copyright Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

#### 3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(E) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

(F) Platform Limitation - The licenses granted in sections 2(A) and 2(B) extend only to the software or derivative works that you create that run on a Microsoft Windows operating system product.

## GPL Licensed Software

**Okta Office365  
Third Party Licenses and Notices**

If applicable and to the extent any open source components are licensed under the GPL and/or LGPL, or other similar license that require the source code and/or modifications to source code to be made available (as noted above), a copy of the source code corresponding to the binaries for such open source components and modifications thereto, if any, may be obtained by downloading the source code or by sending a request, with your name and address to: Okta, Inc., 301 Brannan Street, Suite 100, San Francisco, CA 94107. All open source requests should clearly specify: OPEN SOURCE REQUEST, Attention General Counsel and the name of the requested component and Okta product. Okta will mail a copy of the source code to you on a CD or equivalent physical medium. This offer to obtain a copy of the source code is valid for three (3) years from the date you acquired this Okta product. Alternatively, the open source may accompany the Okta product.
